## *Best's Insurance Reports* *Property/Casualty - United States & Canada (Print & CD-ROM)*

email  this page to a colleague.

A.M. Best's flagship product provides in-depth reports on thousands of insurers, reinsurers and groups, plus an online database of retired companies. *Best's Insurance Reports* is the centerpiece of a multi-component service that combines the time-tested value of the classic publication with 21st-century functionality.

### Each report allows you to:

- Check a company's Best's Credit Rating, find out why a rating was assigned, and see a five-year rating history.
- Learn what makes one company secure and another more vulnerable with our in-depth commentary on operating methods and management philosophy.
- Find out who the principal officers are and get company name and address information.
- Identify companies that meet certain criteria, for competitive research and benchmarking analysis.
- Search and sort on numerical and text fields, create custom lists of companies, export data to other software, and link to current information on the A.M. Best website.

### Each **AMB Credit Report** features:

- **Best's Credit Ratings** and **Financial Size Category** and five-year rating history.
- A **Rating Rationale** that explains the factors considered in assigning the insurer's Best's Credit Rating.
- **Risk Management** section offering information about the company's risk management and investment practices, including how company management addresses potential catastrophe exposures.
- **Financial Leverage** section providing information about a company's leverage measures and a discussion of its ability to meet those obligations.
- **Expanded Business Profile** section with detailed descriptions of company operations, market share, and market presence.
- **Expanded Balance Sheet Strength** section with additional details about a company's investment portfolio and leverage analysis, including capital generation, quality of surplus, leverage analysis and loss reserve and reinsurance analysis.
- **Key Financial Indicators**, including statutory data (U.S.) and performance ratios.
- **Business Profile** that includes when a company was incorporated, where it is licensed, its ownership characteristics, what lines of business it writes and more.
- An **Operating Performance Review** that analyzes profitability, underwriting experience and investments.
- **Liquidity** and cash flow analysis.
- **Management information** and company history.
- **Financial statement information** such as balance sheet, summary of operations and income statement.
